## **22<sup>nd</sup> HD HR Holden Nationals – Benalla Program**

### **Friday Evening, 9 June 2023**

Friday is our planned Registration event - supporting entrants who arrive eager to catch up with mates, begin to get to know those not so familiar and to gather and share the stories of their journey, in a relaxed environment.

#### **6:00pm to 9.00pm – Benalla Racecourse – Meet ‘n’ Greet**

Meet‘n’Greet at the Benalla Racecourse Elms Enclosure, where entrants can collect their Nationals Lanyards that will allow entry to events and to collect their Goodie Bag. Local service clubs will support us with a BBQ operating and the Benalla Racing Club will open their bar for beverages.

### **Saturday, 10 June 2023**

#### **7:00am to 9:00am – Set up cars for Show ‘n’ Shine**

Cars will be entering off Fawckner Drive, Benalla and directed to their positions by Victorian Club members. All entrants are to be in place and set up by 9.00am as judging will start at 9.00am sharp.

#### **9:00am to 3:00pm – Nationals Show ‘n’ Shine**

Due to road closures for our event vehicles in Nationals Show ‘n’ Shine cannot be moved until 3pm. We are working to have a local Market to operate on the lakeside to maximise interest in our cars with better exposure to the public.

#### **6:30pm to late – Presentation Dinner**

We are planning to conduct the HD HR Holden Nationals Presentation Dinner at the Lakeside Community Centre. During the evening trophies will be presented for the entered vehicles.

We are planning to provide transport to and from the Presentation Dinner from a number of locations around Benalla

## **Sunday, 11 June 2023**

### **7:00am to 9:00am – Cruise Breakfast**

Cars will gather in the Benalla Aerodrome Carpark, Benalla where a local service club will support us with a breakfast to get us all fuelled for the day. This is another opportunity for the public to come by and appreciate the preservation of history in our cars.

### **9:00am – Silo Art Trail Cruise**

Cars will head off on the Silo Art Trail Cruise that will take us through Benalla and head north on a relaxed cruise to visit Goorambat, Devenish, St James and Tungamah – with us then heading south to finishing at Winton Raceway.

### **12:00pm – Winton Raceway Parade Laps**

Cars will arrive at the Winton Raceway and take formation on a designated dummy grid. At an arranged break in racing we will enter the race circuit to safely complete parade laps to further showcase our vehicles to the public.

After the parade laps are complete our organised HD HR Holden Nationals official program closes. Entrants are welcome to stay at the Winton Raceway and enjoy the racing program - taking advantage of the food vendors on track and the action. You may also like to take some time to visit the various attractions/wineries around the region.

NOTE: If you are staying on Sunday night please advise of numbers as we are keen to organise an unofficial dinner and drinks at a local hotel. Let us know on the bottom of the Entry Form page 2.

## Entrant guide

The information supplied is to enable entrants to arrange accommodation, select the judging class for their vehicle and give a brief overview of the weekend events.

Information regarding meeting times and places, maps showing venues for various activities, list of entrants and all other important event information will be detailed in the 2023 HD HR Holden Nationals booklet in the entrant goodie bag, available upon arrival and registration.

## Cut off dates

To be advised – linked to reasonable timeframes balancing the organising committee's capacity to deliver an excellent event and providing enthusiasts with the opportunity to participate.

We have worked hard to drive costs down and deliver an event you'll value. We rely on your early booking so we can arrange venues with confidence.

## Judging

Please fill in the correct details on the entry form to correspond with your class of vehicle.

## Vehicle displays

If you wish to have a display around your car please advise us so we can make arrangements for you. You will have a maximum space of 4 metres by 6 metres. The area must be roped off if you wish to display anything on the ground i.e. pictures or accessories. If you don't have a roped off area all display items must remain inside the vehicle at all times.

## More important points

Please be sure to advise us on your entry form of specific needs - (i.e. vegetarian, diabetic, food allergies, require disabled access).

We are keen to arrange a chill out dinner on the Sunday night and all are welcome to join us. Please advise if you will be staying on the Sunday night and wish to attend. (Not included in entry fees)

## Contact us

If you have any further questions regarding the event please email us or contact us by phone or text your questions or detail's and I'll get back to you, with thanks

## Judging Classes Guide

### Rusty/Rat

We are developing the guidance for this class and will share it when available – likely a car that you think doesn't quite fit in the other classes – more to come

### Un-restored Original

This category is for vehicles that have had no more than minimal restoration i.e. less than 10%. This includes but not limited to repairs due to accident damage or panels replaced as a result of rust repairs with sections repainted.

The vehicle should be in "from the factory" configuration. Era "pillar-bolt" seat belts in 1966 vehicles are not considered a modification as they were commonly an option from the dealer. Engines should be a 149, 161, 179 or 186 red motor only (& derivatives - X2 & 186S). Other 'dealer fitted' modifications can include Tilley stripes (aftermarket extra side flashing commonly added by dealers to glitz up their vehicles), air conditioning, multi-tone paintwork.

### Restored Original

This category is for original vehicles as above but fully restored or more than minimum restoration. This includes vehicles that have had a full respray. Engines should be a 149, 161, 179 or 186 red motor only (& derivatives - X2 & 186S)

## Era Sports

This category is for vehicles modified with 1960's era modifications including floor shift 3speed manual / auto, sports steering wheel, mag wheels (13 & 14in only, 15in Volvo rims), engine mods - electronic ignition with external module (non-VB-K distributor), Speco or similar intake manifolds, triple SU's, triple Stromberg's, era Holley's to 4bbl, era supercharger/ induction, era gauges, extractors, sports seats, gearbox upgrade to era gearboxes only up to 4 speeds (unless proof can be shown that gearbox was in an era vehicle). Also for HD's with HR front end panels or vice versa. Engines should be 149 to 202 red motors (pre Commodore).

A note added in 2021 - NASCO accessories were available to all HD & HR's regardless of their specification. For example a Standard with "X2" gauges is not considered Era Sports. Aftermarket gauges in any model are a "grey area" as they are just as likely to be dealer fitted as added by an owner later

## Modified

This category is for vehicles running 149 to 202 Red, Blue & Black motors with modifications above Era sports. Modern wheels, turbo, supercharger (non-era), 5 speed gearbox or later auto.

## Highly Modified

This category is for vehicles with on engine or driveline modifications other than Modified class, such as on RB series engine swap, V6 or V8 of any breed. It is also for vehicles that have had major body modifications like mini-tubbed, Chassis, including one-tonne configuration, or any major chassis modifications.

## Judging Criteria Guide

Below is a guide for you to use in prepping your car for the show. Whether you are in an original, restored or modified class, these are the things the judges are looking for. Most importantly, clean every bit of the car, and wax, polish, prepare, vacuum etc. so it best represents you and your car. This list is not all of the things the judges may consider but, it should guide you in your efforts.

### Exterior Quality

- What is the quality of the bodywork and paint?
- If the bodywork has been altered, has it been done well?
- Is the finish just shiny or deep and lustrous?
- Is the paint smooth or orange peeled?
- Any overspray, runs, ripples, dents, chips etc.
- Are seams smooth and straight?
- All panels aligned?
- Any doors sagging?
- Bumpers on straight?
- Glass squeaky clean?

### Interior Quality

- Is everything in good condition or truly excellent?
- Are the seals perfect and clean or ripped and dirty?
- Is the headliner intact and tight or drooping and baggy?
- Are the carpets clean and new looking or dirty and worn?
- Have modifications, such as gauges or aftermarket seats, been hacked in, or are they professional looking?
- Is the wiring under the dash tied up or hanging down?
- Are the sun visors in good shape?
- Door panels?

Every piece of the interior should be perfectly clean and prepared; there should be no dirt under the floor mats or junk under the seats. Look at the boot or hatch. It should be prepared to the same perfect state as the interior.

## **Mechanical Quality**

- Does everything look neat and well put together?
- Is the quality of the workmanship good or great?
- Are there special features that deserve points?
- Are the systems securely mounted?
- Do the systems work together harmoniously, i.e. do they appear to flow into one another or are they just shoved somewhere?
- Is the exhaust system solid, or about to fall off?
- Are there any fluid leaks?
- Is the engine compartment perfectly clean and detailed?

**Most important of all** – come along and enjoy the experience and share your passion for HD and HR Holdens.
